## Premium Sportsturf Fertiliser

A new addition to the 2Spec range, 2Spec Mini 27-1-10 is a premium sportsturf fertiliser blend combining the critical nutrients required for everyday turfgrass growth in a smaller granule fertiliser. The small granule size of 2Spec Mini 27-1-10 results in even nutrient distribution and incorporation into the turfgrass canopy, reducing losses to mower pickup and ensuring surface performance.

| PRODUCT ANALYSIS | |
|---|---|
| NITROGEN (N) TOTAL % | 27.0 |
| as Urea | *15.6* |
| as Controlled Release | *11.3* |
| Controlled Release Nitrogen % | 42% |
