READ SAFETY DIRECTIONS BEFORE OPENING OR USING

APPLICATION DETAILS

Situation	Rate/100m ²	Rate/Ha	Comments
For localised dry spot management and treatment of hydrophobic conditions in all turf situations.	200mL	20L	For best results apply to affected turf in a minimum of 400L/Ha of water and irrigate following application with 4-6mm of water to ensure placement of surfactants in the root zone. Irrigate immediately following application when temperature exceeds 30°C.

TANK MIX FLEXIBILITY

Tank mix combinations with Hydrolink React have not been tested on all varieties under all possible growing conditions. If the user is unsure a limited area should be tested and reasonable judgement and caution should be exercised. A jar test is recommended prior to broad scale use.

STORAGE AND DISPOSAL

Store in original containers and dispose of empty containers in accordance with local law.

PRECAUTIONARY STATEMENT

Always consult the Safety Data Sheet (SDS) for specific instructions. Keep out of reach of children. Users are cautioned to take reasonable safety precautions when handling and applying this product.

CONDITIONS OF SALE: Globe Australia Pty Ltd shall not be liable for any loss, injury, damage or death whether consequential or otherwise whatsoever, or howsoever arising whether through negligence or otherwise in connection with the sale, supply, use or application of this product.
