READ SAFETY DIRECTIONS BEFORE OPENING OR USING

### APPLICATION DETAILS

Situation	Rate/100m <sup>2</sup>	Rate/Ha	Comments
For use in the prevention of localised dry spot and to promote even soil moisture distribution in sand-based root zones on all turf surfaces.	200mL	20L	Apply in a minimum of 400L/Ha of water. Repeat application on a monthly basis prior to and throughout periods of frequent irrigation and/or growth. For best results irrigate following application with 4-6mm of water to position the product correctly in the soil profile. Irrigate immediately after application when temperature exceeds 30°C.

### TANK MIX FLEXIBILITY

Tank mix combinations with Hydrolink Profile have not been tested on all varieties under all possible growing conditions. If the user is unsure a limited area should be tested and reasonable judgement and caution should be exercised. A jar test is recommended prior to broad scale use.

### STORAGE AND DISPOSAL

Store in original containers and dispose of empty containers in accordance with local law.

### PRECAUTIONARY STATEMENT

Always consult the Safety Data Sheet (SDS) for specific instructions. Keep out of reach of children. Users are cautioned to take reasonable safety precautions when handling and applying this product.

**CONDITIONS OF SALE:** Globe Australia Pty Ltd shall not be liable for any loss, injury, damage or death whether consequential or otherwise whatsoever, or howsoever arising whether through negligence or otherwise in connection with the sale, supply, use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on Globe's skill or judgement in purchasing or using the same and every person dealing with this product does so at his own risk absolutely.
