

## ProPEAT Greens

**NATURAL & ECO FRIENDLY** ProPEAT natural carbon based fertiliser minimises leaching by binding nutrients to naturally occurring carbon. That's good for plants, good for business, and good for the environment.

**SMARTER PLANT GROWTH** ProPEAT natural carbon based fertiliser is an extended release fertiliser that bonds nutrients to carbon found in naturally occurring peat moss.

Mineral fertilisers can release excess amounts of nutrients that can be lost to leaching. ProPEAT natural carbon based fertiliser complexes nitrogen, phosphorus, potassium, sulphur and other micronutrients to the carbon which prevents nutrient losses to the environment.

**BUILD YOUR SOIL** The success behind ProPEAT natural fertiliser is the use of carbon. Each homogenous granule contains a balanced mix of nutrients, these granules break up evenly in the soil. Bound by carbon the nutrients are absorbed by the plant roots as required to sustain even plant growth.

**WATER SMART** ProPEAT natural carbon based fertiliser is uniquely beneficial in both wet and dry climates, helping reduce the amount of water lost through irrigation.

**SPREADS CLEAN** ProPEAT natural carbon based fertiliser doesn't clump or clog during application, ensuring hassle-free, even distribution.

ProPEAT 7-1-11	
Typical Analysis	
Total Nitrogen (N) %	7.0
Total Phosphorus (P) %	1.0
Total Potassium (K) %	11.0
Sulphur (S) %	14.0
Calcium (Ca) %	1.0
Magnesium (Mg) %	0.9
Iron (Fe) %	2.0
Boron (B) %	0.02
Manganese (Mn) %	0.05
Copper (Cu) %	0.05
Zinc (Zn) %	0.05
General Information	
Pack Size	20kg
SGN	100
Rate per Ha	200-300kg

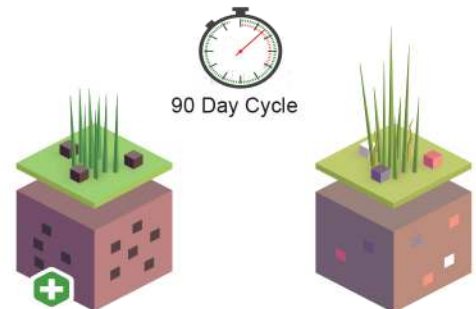

ProPEAT 17-0-3	
Typical Analysis	
Total Nitrogen (N) %	17.0
Total Phosphorus (P) %	0
Total Potassium (K) %	3.0
Sulphur (S) %	17.0
General Information	
Pack Size	20kg
SGN	100
Rate per Ha	200-300kg

## Natural carbon based fertiliser

### Good for turf, your bottom line and the environment

#### + Slower, consistent growth

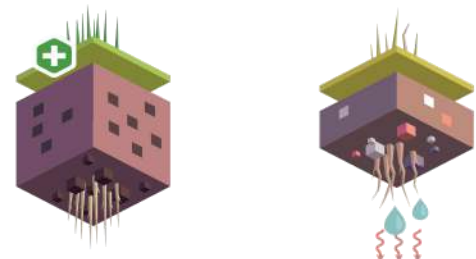

#### ProPEAT

#### Typical Fertiliser

- + Dense, healthy turf
- + Decreased thatch
- + Consistent, deeper green coloration
- + Healthier turf with less disease

#### + Nutrients released to plants

#### ProPEAT

#### Typical Fertiliser

- + Less watering & mowing
- + Increased horizontal growth
- + Improved root system
- + Lower burn risk
